Committed to the Grave. The funeral of the late Mr. W. J. McPherson, formerly Mrs. E. N. Resser, was very largely attended from the Presbyterian church, at 3 o'clock yesterday afternoon. The services were most impressively conducted by Rev. W. Hayes Moore, pastor of the Presbyterian church, and Rev. G. S. Madden, pastor of the Methodist church. The floral tributes sent in by sorrowing friends were numerous and their rare fragrance and beauty most fittingly typified the life and character of the good woman who had gone. The body was tenderly committed to the dreamless slumber of the grave in Fairview cemetery.

Mr. W. J. McPherson, in behalf of himself and his motherless little one, desires through the medium of the New Mexican to tender heartfelt and grateful acknowledgments to the good people of Santa Fe for their unbounded kindness, tender sympathy and affectionate aid during the sad hours of his wife's fatal illness and since the end of her fair and useful life.

GRATIFYING RESULTS. GRATIFYING EXPERIMENTS WITH THE NEW STOMACH REMEDY.

Not a Patent Medicine, But a Safe Cure for All Forms of Indigestion.

The results of recent investigation have established, beyond question, the great value of the new preparation for indigestion and stomach troubles; it is composed of the digestive acids, pepsin, bismuth, Golden Seal and similar stomachics, prepared in the form of 30 grain lozenges, pleasant to the taste, convenient to carry when traveling, harmless to the most delicate stomach, and probably the safest, most effective cure yet discovered for indigestion, sour stomach, loss of appetite and flesh, nausea, sick headaches, palpitation of heart, and the many symptoms arising from imperfect digestion of food. They cure because they cause the food to be promptly and thoroughly digested before it has time to sour, ferment and poison the blood and nervous system.

Over 6,000 people in the state of Michigan alone in 1894 were cured of stomach troubles by Stuart's Dyspepsia Tablets. Full sized packages may be found at all druggists at 50c, or sent by mail on receipt of price from Stuart Co., Marshall, Mich. Send for free book on stomach diseases.

## THAT GRAND JURY INVESTIGATION.

The Wheels of the Inquisitorial Body to Grind on Alleged Charges of Corruption in the Thirty-second Legislature—Several Witnesses Here.

The magic power of subpoenas issued by the proper authorities out of the U. S. District court for the First judicial district had the effect of bringing several witnesses to town, among these Joe E. Sheridan, the good looking editor of the Silver City Enterprise; C. S. Grayson, an opulent Silver City banker, who looks as if he had been used all his life to clipping coupons, handling bonds and selling turpentine; W. E. Martin, who holds down the fat sit as territorial coal oil inspector, and W. E. Dame, who presided over the sessions of the house of the Thirty-first legislative assembly. What these gentlemen know or are supposed to know concerning the rumors, charges and reflections cast upon certain members of the Thirty-second assembly, is at present still a secret.

The United States attorney proposes to investigate these rumors, reflections and charges as thoroughly as can be done and the street him it that he has the full sanction of the attorney general of the United States in the matter and carte blanche as to the expenditure of United States funds for the purpose.

None of the witnesses named have been before the grand jury so far, and it is believed that the wheels will not commence grinding until the morning. It is also understood, that the grand jury desires the presence of Hon. George Curry, ex-member of the council of the Thirty-first and Thirty-second legislative assemblies, and sent a little bill about after him to bring him to the capital of the Montezumas from the sweet smelling orchards of fair Tularosa. It is further asserted, that Mr. Childers proposes to have a goodly lot of statement travel to the territorial capital at government expense and that he will endeavor to have the grand jury probe those matters and charges to the very bottom, a consummation, that will be applauded by the good people of New Mexico, if it can be brought about.

THE CROWFOOT CATTLE COMPANY. Additional Capital for Its and a Large Increase of Cattle on Its Ranges to Be Had.

Mr. W. H. Jack, of Silver City, who is the successful manager of the Crowfoot Cattle company, a corporation having large numbers of cattle and many acres of land in Grant and Colfax counties, was in the city yesterday on route from a visit east to Grant county; he was accompanied by Mr. E. H. Osborne, of New York, who is interested in the Crowfoot Cattle company, and represents other stockholders. The property of the company will be examined by Mr. Osborne and it is believed that a large number of additional cattle will be placed upon the ranges of the company. It is the intention to use the New Mexico ranches of the company as a breeding ground and ship 3-year old cattle and especially steers to the farms of the company in Dakota for feeding purposes. The New Mexican believes that much additional capital will be invested by the Crowfoot Cattle company through some of its New York stockholders. It is to be hoped that such will be the case. The more capital invested in New Mexico enterprises, the better. Mr. Jack is also chairman of the New Mexico cattle sanitary commission and one of the best posted and most energetic stockmen in the southwest.

Housekeepers and restaurant managers can save money by purchasing meats, fish and oysters from Bischoff & Muller. Only strictly first-class meats sold.
